REDUNDANT HARDWARE**

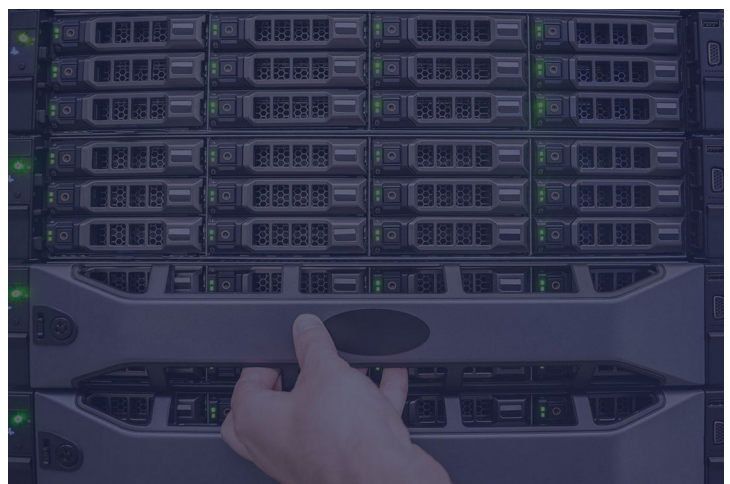

ITHSCI is a Jersey based ITAD (IT Asset Disposition) provider of mobility, desktop and enterprise electronics hardware. We buy and sell most types of IT hardware, giving you the highest possible financial value return for your redundant equipment.

We securely remove data as our number one focus. We maximise financial returns to our clients. Our core business is Secure IT Asset Disposal, working with our clients to protect their data whilst optimising any remaining financial value within their assets.

Data Security is closely followed by ensuring that any returning residual financial value for your assets is returned to you.

If you use an existing supplier for IT Asset Disposal, then give us a try.

We are friendly, professional and can provide a bespoke service for your unique needs, whilst returning you the highest financial return in the industry.

WE BUY, WE SELL AND WE RENT ALL TYPES OF IT HARDWARE
